## INTRODUCING A NEW CONCEPT IN AIRCRAFT AVAILABILITY

See attached application/information sheet

- The *Flying M-Club* is an innovative program to make flying more affordable. Club members receive a \$30.00 discount on the hourly aircraft rental rate. **This means that club members can have access to four aircraft at club prices, at all times, receiving rental-type service at club prices.** This will make it virtually *guaranteed* that you will have access to an aircraft when you want without worries about scheduling or maintenance issues. This applies to all *M & M Aviation* aircraft in which the member is training or is qualified to fly.
- It is ideal for pilots who fly for pleasure, or who are working towards a private pilot certificate, or advanced rating. Pilots, who hold a private pilot certificate, an advanced rating or are working towards an advanced rating, may join for a one-time enrollment fee of \$200. Monthly dues are \$30. Students working toward their private pilot certificate join for an enrollment fee of \$300 and monthly dues of \$30.
- Monthly dues payment options:
  - Pay for 12 months in advance at the time of enrollment (\$360 paid by check or cash)
  - Set up an automatic electronic funds transfer of \$30 per month (\$35 if paid via cash, check or credit card, monthly).
- Club members also receive a \$5 per hour discount on all instruction rates.
- Club members will also be invited to special club activities and receive a periodic newsletter.
- Interested pilots, please make out the attached information sheet.
